Judges Statement

“This was a powerful show and especially in the mixed media category. This is one of those times you wish you could award many Best of Shows. This show will remain one of my favorites, as the caliber of art through out was exceptional. Congratulations to each artist and to the show organizers!” ~ *Judy Gilmer*

“This is a surprising show with the high caliber of mixed media, painting, pastel & graphics. There were also some strong visions and craftsmanship in ceramics, jewelry and sculpture – some really good artists call Central Florida home. I think people from other places are always surprised by expert artists here.” ~ *Kyle*

We would like to thank everyone, vendors, volunteers and patrons alike for contributing to a very successful 42nd Annual Osceola Art Festival! On behalf of the Osceola Center for the Arts, Valencia Community College and Osceola County – Thank you very kindly!
